P&Ps for Compliance with Joint Commission Requirements

**Policy
Source™**
HOSPITAL

-  Collection of standardized policies, procedures, protocols, and plans to adapt for your own P&P library
-  Reviewed and approved by experts at The Joint Commission as meeting Joint Commission accreditation standards
-  P&Ps organized by and correlated to the actual standards
-  Dozens of downloadable and customizable P&Ps and templates
-  P&Ps updated regularly to match Joint Commission standards changes
-  Simple-to-navigate web-based portal that provides quick and easy access for staff

Are you continually challenged to keep pace with evolving regulations, standards, and practices—and to review and update your policies and procedures (P&Ps) to maintain compliance?

To help your health care organization tackle these challenges, Joint Commission Resources developed **PolicySource Hospital and Critical Access Hospital**, an online collection of sample P&Ps that meet your hospital's needs to comply with accreditation requirements.

We provide a sample P&P for nearly every Joint Commission–required written P&P.

Annual Subscription

We'll update *PolicySource* to sync with twice-annual Joint Commission standards updates:

- If a new Joint Commission standard has required written documentation, a new sample policy addressing the requirement will appear in the next update of *PolicySource*
- If a current documentation requirement changes, we'll update the correlated sample P&P to align with the changes

More to Come
