

Table of Contents

Introduction

Chapter 1: A Framework for Preparedness

- Emergency Management Program
- Senior Leadership's Role
- Hazard Vulnerability Analysis
- Emergency Operations Plan
- Four Phases of Emergency Management
- Six Critical Areas of Emergency Response
- Pulling Together the Right Players
- From *EC News*: Designating an Effective Emergency Coordinator

Tool to Try

- Tool 1-1. New EM Standards for Hospitals Compliance Assessment Checklist

Chapter 2: The Hazard Vulnerability Analysis and Emergency Operations Plan

- Hazard Vulnerability Analysis
- Key Steps in EOP Development
- Best Practices for Success
- From *EC News*: Creating an Alternate Care Site During Emergencies

Tools to Try

- Tool 2-1. Sample Emergency Operations Plan
- Tool 2-2. Hazard Vulnerability Analysis Development Checklist
- Tool 2-3. Emergency Operations Plan Assessment Checklist
- Tool 2-4. Emergency and Disaster Preparedness Evaluation Checklist
- Tool 2-5. Emergency Management Health Care Environment Checklist
- Tool 2-6. Sample Incident Commander Job Action Sheet

Chapter 3: Establishing and Facilitating Communications

- Communications: One of the Six Critical Areas
- Emergency Communications Process
- Backup Communication Systems
- Health Insurance Portability and Accountability Act
- From *EC News*: Announcing Emergencies

Tools to Try

- Tool 3-1. Incident Command System Sample Communications List
- Tool 3-2. Remote Patient Communication and Telehealth System Checklist
- Tool 3-3. Cybersecurity Preparedness Checklist
- Tool 3-4. HIPAA Disclosure Decision Flowchart
- Tool 3-5. Emergency Communications Procedures for Nursing Care Centers

and Assisted Living Communities

Chapter 4: Managing Staff During Emergencies

Hospital Staff Management

Staff Roles in All Settings

Staff Orientation and Training

Training for Specific Situations

Identifying Care Providers

Disaster Volunteer Privileging

Tools to Try

Tool 4-1. Emergency Response Staff Training Checklist

Tool 4-2. Disaster Volunteer Procedure Checklist

Tool 4-3. Potential Staff Post-Traumatic Stress Disorder Indications

Tool 4-4. Trauma Event Protective Procedure Checklist

Chapter 5: Caring for Patients

Hospital Requirements for Patient Care and Clinical Support

Decision Points for All Settings

Patient Management

Meeting Patient Needs

Documentation of Clinical Information

Tools to Try

Tool 5-1. Shelter Triage Form and Matrix

Tool 5-2. Disaster Victim or Patient Tracking Form

Tool 5-3. Patient Evacuation Tracking Form

Tool 5-4. Plan for Tracking Individuals Served by Behavioral Health Care and Human Services Organizations During an Emergency

Chapter 6: Ensuring Safety and Security

Maintaining Internal Security in All Settings

Coordinating with Law Enforcement Agencies

Managing Hazardous Materials and Waste

Ensuring Isolation and Decontamination

From *EC News*: Curbing Workplace Violence

Tools to Try

Tool 6-1. Environmental Risks for Workplace Violence Assessment Checklist

Tool 6-2. De-escalating Potential Violence Checklist

Tool 6-3. Active Shooter Response Training Checklist

Tool 6-4. Civil Disturbance Policy Development Checklist

Tool 6-5. Decontamination Event Procedure Checklist

Chapter 7: Managing Resources and Assets

Obtaining and Replenishing Supplies

Evacuation-Related Issues

From *EC News*: Implementing Conventional, Contingency, and Crisis Care Strategies to Manage Resources and Assets

Tools to Try

Tool 7-1. Community-Living Patient Assessment Tool for Disaster Planning

Tool 7-2. High-Consequence Infectious Disease Preparedness Checklist

Tool 7-3. Infectious Patient Surge Checklist

Chapter 8: Safeguarding and Managing Utilities

Written Plan for Maintaining Essential Hospital Utilities

Planning for Utilities Failure in All Settings

Managing Utilities During an Emergency

From *EC News*: Flood Mitigation and Response

Tools to Try

Tool 8-1. Utilities Failure Plan Assessment Checklist

Tool 8-2. Waterborne Pathogen Prevention Checklist

Tool 8-3. Emergency Generator ITM and Remote Shutoff Checklist

Chapter 9: Recovery After the Emergency

Disaster Recovery Plan

Restoring Normal Operations

Continuity of Operations Planning

Recovery Activities

Notifying The Joint Commission

From *EC News*: Recovering from COVID-19

From *EC News*: Reuniting Families During or After a Disaster

From *EC News*: Planning for Continuity of Operations

Tools to Try

Tool 9-1. COVID-19 Recovery Preparation Assessment Checklist

Tool 9-2. Checklist for Safe Reopening of Health Care Facilities After an Emergency

Chapter 10: Education, Training, Testing, and Evaluation

Written Education and Training Program for Hospitals

Evaluating Hospital EM Program, EOP, and COOP

Testing the Hospital EOP

Planning Evaluation Activities for All Health Care Settings

Monitoring Response

Evaluating Exercises and Actual Responses

From *EC News*: Training Health Care Staff for Emergencies

From *EC News*: Emergency Management Exercises—Taking Advantage of Real Events

From *EC News*: Preparing an After-Action Report

From *EC News*: Preparing for Snowstorms

Tool to Try

Tool 10-1. Sample After-Action Report Template
